## INTRODUCTION

The Conseil d'Affaires Franco Saoudien (CAFS), was one of the first business councils registered by Royal Decree under the Saudi Council of Chambers of Commerce in 2003.

As a non-profit organisation depending on its members and activities for financing, it is an economic group representing both Saudi and French business in the Kingdom of Saudi Arabia, and bringing together companies wishing to operate in Saudi Arabia and/or in France, and to develop trade relations between the two countries.

Our objectives are to:

- Develop relations between Saudi and French business.
- Foster exchange of goods and services between both countries.
- Communicate with the authorities of both countries to improve cooperation.
- Encourage implementation of economic projects in both countries.
- Help finding amicable agreements for trade disputes.
- Focus on training, technology transfer.

## OUR PARTNERS

## FOREWORD BY OUR CHAIRMAN

For 20 years, since its creation by Royal Decree in 2003, the Saudi French Business Council (CAFS) has been successfully helping to develop trade relations between France and the Kingdom of Saudi Arabia.

Our organisation is the very embodiment of the friendship uniting our two business communities, which is illustrated by the growing economic and cultural partnerships between our two countries.

The launch of the Saudi Vision 2030 by His Highness Crown Prince Mohammed bin Salman in 2016, has given way to many reforms, which are deeply transforming Saudi Arabia, and to projects, which are offering new opportunities to French companies.

The country is changing and the CAFS is changing with it. For its 20th anniversary, and to meet the objectives of the Saudi Vision 2030, the CAFS will indeed open its membership to French companies, starting in 2023.

In addition, our organisation will also launch new activities, including Sector Committees, networking events, advocacy, conferences, publications, as well as new communications tools and human resources, all aiming to better serve our members, and make the CAFS a forum bringing together the Saudi and the French business communities.

In 2023, with your support and that of our French and Saudi partners, the CAFS will truly become the place « where Saudi and French business meet! »

**Dr. Mohamed Ben Laden**  
**President of the CAFS**
